

The NEVER HIT GIRLS Interview

Choose any of the characters from NEVER HIT GIRLS to interview. Create questions to ask the characters, and then write what the responses would be. You can also partner with someone, decide which person will be the interviewer and which person will be the character, have the interviewer create the questions (or you can create them together), and have the character respond to the questions.

Characters: Little Marlon, Kimberly, Marlon's grandmother, Kimberly's mother, Kimberly's father, Marlon's father, Kimberly's friends, and Marlon's friends. If there is another character in the book that you think can be interviewed, you may choose that character.
